## **RESEARCH PUBLICATIONS**

Aligned with our preparation for NAAC Accreditation, we are prioritizing institution wide engagement in quality research publication. A critical step towards this would be to ensure enrolment of all faculty members in quality research publication. The University commitment towards this is manifest in the Research Incentive Policy as circulated by Notification Ref. No. F009/ZG/25-022 dated 18-09-2025.

Despite progressive measures taken to inculcate a dynamic culture of quality research publications, it is found that quality publications are concentrated in limited departments and there is inconsistency in research output against departments.

In order to meet the necessary objective of quality publications in indexed journals for NAAC Accreditation, Working Groups of faculty members have been formed to take charge of respective schools in ensuring that Heads of Departments along with faculty members in the respective schools identify completed conference papers/ book chapters/ preprints from July 2021 onwards and convert them into journal ready manuscripts. The set target of such manuscripts for each department should be twice the number of the faculty members in the concerned department. The time line for submission of such manuscripts to indexed journals is **28<sup>th</sup> February 2026**.

The Research Incentive Policy would be applicable for all eligible faculty members. Further the Working Group/s on achievement of target as mentioned above within the assigned time line would be incentivised as per University norms.

The working groups are:

### **School of Humanities and Social Sciences**

1. Dr. Ramesh Sharma, Head of Department, English
2. Dr. Abdur Rashid Ahmed, Head of Department, Economics
3. Dr. Bonnie Amonge Crerar, Head of Department, Education
4. Dr. Bibha Rani Swargiary, Head of Department, Social Work
